Subject: Radioactive Materials License 950-0139

Dear Mr. Kelly:

As you requested in a telephone call on August 15, 1985, we are submitting documentation for all shipments of radioactive materials from the Niagara cleanup site.

Fifteen shipments were made to Barnwell, South Carolina as shown in the attached shipping memoranda and Barnwell's "Radioactive Shipment Manifest Form."

Eleven shipments were made to Uravan, Colorado as shown on the attached shipping memoranda for processing prior to disposal at the uranium tailings pile in accordance with Colorado Department of Health requirements.

We understand that with the submittal of the above information the license will be terminated.

Thank you for your help on this matter.

Very truly yours,

Donald J. Hansen
Assistant Director-Technology
